

# Faith Talks

---

*September 1, 2019*

*Family Devotional Guide*

---

## CONVERSATION STARTER

- Gather some Legos or building blocks. Let the youngest person decide what you are going to build, and spend a few minutes building that together.

## DIG DEEPER

- Read Jude 20-21. Pastor John talked about how we are called to build up our faith just like we can build towers or castles with Legos and blocks. Jesus does all the work to forgive us and make us new, but we have a part to play with him in building up and strengthening our faith. What are some ways we can build up our faith in Jesus?

- Why do you think it is important for us to build up our faith with the help of others, and not just by ourselves?

- What is one way you want to focus on building up your faith this week? Have everyone share.

## PRAYER TIME

- Are there any prayer requests? Spend some time praying for each other's requests and praying that the Holy Spirit would help each of you grow in your relationship with Jesus.
