Read Romans 5:12-6:4

The main takeaway is we have been released from Adam's reign and transferred into Christ's reign through our identification with Christ in his death, burial, and resurrection. This has moral and ethical implications.

1. What is needed for a realm and a reign? (A King and a kingdom)
2. Discuss the differences between Adam's reign and Christ's reign. 5:15-21.
3. What sins do Christians have trouble with? (extremely personal!)
4. Why do we struggle with sin if its power has been broken and we are under the reign of Christ? (see 6:12-13)
5. How can our baptism become a powerful element in our battle against sin? (we are reminded that we have died to sin through our union with Christ in baptism)
6. Describe what walking in "newness of life" looks like.
